To Whom It May Concern:

I had the opportunity to work with Dr. Rubina Kahn when she served as an adjunct instructor in education at Nunez community college. With little time for preparation, as adjuncts often have, Dr Kahn was able to revise syllabi and plan an efficient and exciting class for our students. Throughout the semester, I had the opportunity to periodically listen in on her classes. Dr. Kahn was able to command respect and authority, while maintaining a warm and nurturing atmosphere that is so important for community college students. When I was advising one of her students, the conversation turned to education classes and Dr. Kahn. The student told me, "Some people think that she's hard, and she is, but she's fair. She expects you to work for your grade." That's a compliment that is high praise indeed. Although I would be sorry to see her go, Dr Kahn would be an excellent addition to any faculty. Her ability to organize, effectively handle details and most importantly teach effectively, would make her an asset to any organization. If I can be of any further assistance, please feel free to contact me at 504-680-2629 or [tloria@nunez.edu](mailto:tloria@nunez.edu).
